Dear Dr. Grundfest:

As President of the National Council of Women I am writing to support the nomination of Clara Barton for the Hall of Fame for Great Americans.

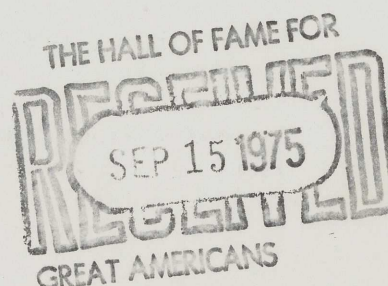

NCW,USA feels especially close to Clara Barton as she was one of our organization's more illustrious founders. We know of her as one of those magnificent leaders who early espoused women's causes in general, as well as organizing her own special group, the American Red Cross. It is that very dedicated and farsighted support of many issues touching women's lives (suffrage being the most prominent) which I feel qualifies her to join her peers in the Hall of Fame for Great Americans.

Sincerely,

Mildred A. Talbot
President
